A Physicists Labours in War and Peace (Paperback)

By E Walter Kellermann

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.M-Y Books is proud to announce the re-publication of the autobiography of distinguished Physicist E Walter Kellerman. Now in it s second Print run we have enclosed below some of the reviews so far received from around the world. This book is of interest to historians of science and to scientists as well as to the general reader. Historians will be interested in the author s revealing view of the British pre war university system, the establishment of Theoretical Physics as a new discipline in Britain and his commitment to preserve science during the funding battles of the Thatcher years. Physicists will find a clear introduction to the research into one of the greatest puzzles in astrophysics namely the enormous energies created in our cosmos manifested by [Auger s discovery] of the Grandes Gerbes , the showers of particles currently incident on the earth now investigated by a major international cooperation. The book. is a great combination of autobiography and history of the sciences during a long and exciting period of History (Stefan Sienell, Atistrian Academy...

Reviews

Here is the finest publication we have read right up until now. It is actually writter in easy words instead of difficult to understand. Its been written in an remarkably easy way in fact it is only right after i finished reading this book in which basically changed me, modify the way i really believe.

-- ***Prof. Vanessa Smitham V***

The best book i at any time read. I am quite late in start reading this one, but better then never. I realized this publication from my dad and i advised this book to understand.
