Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: French . Brand New Book ***** Print on Demand *****.La Genealogie de la Morale appartient aux oeuvres de la maturite de Friedrich Nietzsche, puisqu elle a ete publiee en 1887, apres Ainsi parlait Zarathoustra. Dans cet essai, le penseur allemand traite de philosophie morale, cherchant a retracer l origine de nos conceptions morales: selon lui, les valeurs prennent leur source dans la morale chretienne, qu il tient pour une morale du ressentiment, une morale d esclave, dont il faut se liberer: la morale du surhomme sera ainsi une morale de la liberation. Le livre est structure en trois essais, ce qui le rend un peu plus accessible que certains oeuvres ecrites en aphorismes et deliees, comme le Gai Savoir.
