Brand New Book ***** Print on Demand *****.Excerpt from English Literature for University and Departmental Examinations: With Thomson s Seasons Southey s Life of Nelson IN the belief that it is better alike for teacher and pupil to use in English literature classes carefully printed texts without annotations, the publishers have resolved to give the schools of Ontario an opportunity of enjoying the benefits of this system. The text of The Seasons is reprinted from the edition of 1746, the last published in the author s lifetime. In punctuation, use of capital letters, and other pecularities, the poet s own practice has been strictly followed, and, with a few exceptions, only his own notes have been appended. With a View to convenience the notes, dedications, and other matters of an elucidatory character, with the sole exception of the Argument for each Season, have been placed at the ends of the texts. The last three chapters of the Life of Nelson being the only ones prescribed as the basis of exercises in English composition, a summary of the previous part of the biography is given in order that the pupil may read the text intelligently. The book is, therefore, self-con tained for class purposes; and the teacher who desires his pupils to become proficient either in the art of expression, or in capacity to appreciate masterpieces of literature, will find it safer to work without the assistance afforded by even the most skilfully annotated texts.
