The absence of fresh vegetables would result in ill health, as well as the lack of body resistance, and future healthy growth. Vegetables furnish nourishment in the shape of starch and sugar. They also stimulate intestinal activity. The term vegetables has through common consent down the ages, come to be applied to a particular class of plants. We eat the leaves, buds, stems, and occasionally the fruits of these particular plants. So if you say is the tomato a vegetable or a fruit, the answer is the tomato is botanically a fruit, but we use the tomato as we use other members of the vegetables class....
