By Geo Soule

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Soule s Primary Philosophic Arithmetic: Embracing Mental and Written Arithmetical Exercises and as a Supplement to Soule s Philosophic, Commercial and Exchange Calculator and as an Introductory Work to the Science of Numbers The design of this work is twofold: 1. As a supplement to the author s large and advanced treatise, which does not contain sufficient primary work to meet the wants of young pupils. 2. As an introductory treatise to the science of numbers. It is especially designed to supply the requirements of primary and intermediate classes, and, at the same time, it presents much practical work of rare import to the advanced student. Bills and invoices of various forms for many departments of business constitute a special feature of the work. It is believed to possess superior merit on the following points: 1. In the arrangement and character of the mental exercises and the logical methods of mental training. 2. In the extent, variety practical and scientific character of the problems. 3. In the elucidation of subjects. 4. In the philosophic solution...

Reviews

Excellent e-book and useful one. It is writter in straightforward phrases rather than confusing. I am just very happy to explain how here is the finest publication i have got read through in my very own lifestyle and might be he greatest book for possibly.
