Dr. Gregory Ambrose thinks so. Through past-life regression therapy with a young woman named Anne, he finds himself carried over the centuries to not only a different time but a different reality. Anne s memories act like tendrils, drawing Ambrose into this most savage time with her. Frustrated and confused Dr. Ambrose reaches out to a colleague for help. During their conversations, he learns that one of this doctor s past-life regression patients believes that he was some kind of Viking in another time-not unlike the Vikings in Anne s memories. The coincidence is too much, and Ambrose s imagination and ambition tempt him down a dangerous path. Determined to know the truth and understand the connection, he begins to push the limits of his ethics. p>What evolves is a story from another time, when wizards and warriors battle for power. The fate of two lands-one fighting for unity, the other for safety-hangs in the balance as two druids play out their own endgame strategies. At the same time, two hearts seek their destiny with true love. Fate lends a hand as all meet in a final battle. Is it truly the end or just the beginning?.
