Reviews

The ideal ebook i possibly go through. It generally does not cost an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Vincenza Hand)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Some Problems in Current Economics The substance of the present volume of essays on industrial economics is taken almost without change from a series of economic, financial, and statistical studies undertaken by the writer as an incident to his connection with a large public utility organization. Each chapter is substantially complete in itself. However, the first four follow a definite sequence, and the fifth, in a sense, completes the series by discussing the application to current proposals for the improvement of working conditions of the facts and points of view presented in the preceding chapters. The volume, as a whole, makes no pretense to thoroughness from the standpoint of the trained economist. Such merit as it may claim as introductory reading in economics for the business man, and for the student who may or may not expect to make a more thorough study of the science, arises very directly from the manner in which the text originated. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
