Intelligent Children: A Brief Introduction to What Today s Smart Parents Know about Increasing a Child s Intelligence (Paperback)

By Edward Droge

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. SMART ISN T WHAT IT USED TO BE True or false? Statement 1. It s usually no secret who the smart kids are - they are the ones with the great grades and high scores on standardized tests like the SAT. Statement 2. A child is either born smart or not. Statement 3. Children with the highest IQ gain the most success in life. The answers: false, false, and false. Smart isn t what it used to be. The understanding we have gained about intelligence in recent years has turned old notions on their heads and has created a giant wave of insight and encouragement for parents and children everywhere. In this clear, crisp, reader-friendly introduction to the subject, Dr. Droge, a Harvard-Yale educator, provides a wealth of information about what today s smart and savvy parents know about increasing intelligence. The bugle call from a growing number of scholars and educators alerts all of us to the wisdom and research that clarifies the true meaning of intelligence, traces its roots and development, and confirms a potentially...
