Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 46 pages. Dimensions: 11.0in. x 8.5in. x 0.1in.This instruction provides guidance and direction to the Occupational Safety and Health Administration (OSHA) National, Regional, and Area Offices concerning OSHAs policies and procedures for training of Compliance Safety and Health Officers (CSHOs). It is essential that CSHOs have the requisite knowledge, skills, capability and varied professional backgrounds to accomplish OSHAs mission of promoting safe and healthful working conditions for Americas working men and women. In this instruction, OSHA has provided detailed guidance for training required during the initial three-year period of a CSHOs career, including recommended training that assists the CSHO with preparation for professional certification exams. This instruction identifies training paths that provide assistance to the regions in managing their training programs. The goal of this instruction is to assist CSHOs and their supervisors with direction, guidance and training options that directly contribute to the CSHOs ability to represent OSHA with a high degree of professional expertise. In addition, the CSHO training program identifies a correlation between CSHO competency and achieving respected credentials in the fields of safety, health and construction such as Certified Safety Professional (CSP), Certified Industrial Hygienist (CIH) and Certified Construction Health and Safety Technician (CCHST). This instruction describes the revised training program for OSHA compliance personnel and supersedes TED 01-00-012, Training Program for OSHA Compliance Personnel, dated July 7, 1992. Changes include: Each newly-hired CSHO will be required to complete a minimum of eight courses offered by the OSHA Training Institute (OTI) during the first three years of hisher career as a CSHO. The order and sequence of these courses are as prescribed in this instruction. The OTI training program offers Regional Administrators the opportunity to incorporate up to four additional technical courses into the...
