By Will Henson Psy D

Booksurge Publishing, United States, 2008. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Education paraprofessionals are often tasked with handling a variety of challenging behaviors. Paraprofessionals provide inclusion supports to students with special needs, and act as extra staff in classrooms for students with emotional and behavioral difficulties. Paraprofessionals are often asked to monitor hallways, buses and playgrounds and perform a variety of other important duties that require skill in preventing and managing behavior. This book is designed to teach paraprofessionals important concepts and best practices for handling behaviors. This book covers the following: The book begins with a discussion of how to understand challenging behavior. This book takes the perspective that behaviors are a result of critical skill deficits in social and emotional skills and can be understood from a perspective of their function for the student. Next, this book covers the importance of positive, proactive and collaborative methods for addressing behavior. A central theme of this book is for staff members to move away from reactive, disciplinary methods that stress consequences and contingencies to methods that help students address the underlying needs evidenced by their behavior. A complete...
