Reviews

This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).

Until now.A New Generation Of Explorers: Led by a military vet who's seen better days, the inexperienced offspring of the original survivors form a small expedition to explore the wastelands around them. A biologist, an anthropologist, a photographer, a salvage expert--all are hoping to build a new future the rubble, which they call the "Dead Lands." Until all hell breaks loose.A Land Of Death: The infected are still out there. Stalking. Feeding. Spreading like a virus. Wild animals roam the countryside, hunting prey. Small pockets of humanity hide in the shadows: some scared, some mad, all dangerous. This is the New World. If the explorers want it, they'll have to take it. Dead or alive.
